2- The work that has to be done in the District Treasury is, as shown below.

(1) The Treasury Department has to maintain separate accounts for the Plague Commissioner's office, Senior Surgeon, Chief Plague officer, District Plague officer, City Municipality on account of Plague, and for the Land Improvement extensions, under the Sanitary Engineer, and keep all correspondence connected therewith.

(2) Sanctions of advances for house-building purposes are daily coming in; documents from the parties have to be prepared, amounts have to be paid, and recoveries made every month, and accounts rendered to the Comptroller.

3- It is therefore necessary that one separate accountant should attend to the above extra work; and hence requests that his services may be kindly continued till the end of the official year.
